Dehradun, Uttarakhand, India

+91 6396697489 | ayushsirswal1234@gmail.com

PROFESSIONAL SUMMARY

Web Analyst and Shopify Developer with professional experience in Shopify development, frontend engineering, e-commerce customization, website performance optimization, and technical SEO. Experienced in developing Shopify storefronts using Shopify Liquid, HTML, CSS, and JavaScript, implementing custom functionalities, troubleshooting technical issues, and translating client requirements into practical web solutions. Regularly participate in technical client discussions and collaborate with internal teams to deliver responsive and optimized e-commerce solutions.

PROFESSIONAL EXPERIENCE

Ebizon — Web Analyst | September 2025 - Present

- Develop and customize Shopify e-commerce websites using Shopify Liquid, HTML, CSS, JavaScript, and responsive frontend technologies.
- Participate in client calls as a technical team member, understand requirements, communicate technical solutions, and provide development support.
- Customize Shopify themes, sections, templates, and storefront components, implementing tailored functionality based on business and client requirements.
- Integrate and configure Shopify apps and third-party services to extend store functionality and support e-commerce requirements.
- Analyze technical and business requirements and translate them into practical Shopify and frontend solutions.
- Troubleshoot and resolve frontend, Shopify, integration, and functionality-related issues, ensuring reliable website performance and user experience.
- Perform website performance and technical SEO optimization, identifying and resolving issues related to page speed, frontend efficiency, usability, and search visibility.
- Collaborate with internal teams to implement, test, and validate technical changes and client requirements while ensuring functionality, responsiveness, and cross-device compatibility.
